

CASTELL SON CLARET

RESTAURANT OLIVERA - TASTE ON THE TERRACE

Olivera restaurant is the ideal complement to Zaranda, Castell's gourmet restaurant awarded with two Michelin stars.

In Castell Son Claret we are focusing on products of local producers, sharing the passion for food prepared in a traditional way. A commitment to quality that is evident in all our delicious creations.

The Olivera restaurant also offers a weekly menu from Monday to Friday, prepared with the best fresh, seasonal products offered by the local markets of Mallorca, always carefully selected by our Chef in Olivera, Pep Forteza. Among them: "Roasted octopus with chives and romesco", "Homemade Burrata of milk from Menorcan cow with salad" Caponata "of eggplants", "Cod confit with emulsion of peas to the peppermint and butifarró" or the wonderful "Secret of Iberian In honey dressing with pa amb oli de escalibada ". Olivera's extensive wine list contains excellent wines from Mallorca waiting to be discovered.

From sunrise to sunset, Olivera offers a magical setting for leisurely dining, with spectacular views from its sun-dappled terrace across the swimming pool and gardens to the valley and majestic mountains. There's no better way to start the day than with breakfast enjoyed in these peaceful surroundings. All our freshly baked goods come directly from the hotel's own bakery.

CASTELL SON CLARET

For Pep Forteza the kitchen has always been his passion, his life and his motivation. He has more than 24 years of experience in renowned hotels like Son Vida and Hilton.

His collaboration with Fernando P. Arellano started 7 years ago at the Hilton Sa Torre Hotel and he is now the chef of the Olivera Restaurant, a concept developed and created by Fernando P. Arellano for Castell Son Claret.

Chef Pep Forteza is committed to the tradition of Mediterranean cuisine, maintaining its essence but endowing it with cutting-edge touches and meticulous elaborations. Pep works by offering the best of the culinary roots of the Mediterranean, always advocating local products, seasonal and the best raw materials. The end result are culinary creations of high gastronomic value.
