MALLORCA

Mallorca's central location in the Mediterranean means the island is blessed with a pleasant climate with more than 2,700 hours of sunshine a year. While temperatures average around 26°C between May and September, they rarely drop beneath 13°C in early spring.

Castell Son Claret is situated in the foothills of the UNESCO World Heritage listed Serra de Tramuntana. Throughout the season, the unspoilt nature of the estate and the expansive gardens form an integral part of the unique Castell experience.

At Castell, you'll find the perfect base to pursue your daily sport routines, organise your exclusive boot camp or retreat. Our attentive, cosmopolitan staff is entirely at your disposal, adding the passion, the skill and the attention to detail to help make your event as rewarding as possible - both physically and mentally.

HOTEL

Planning your sport or yoga camp at the Castell might feel like escaping the real world, yet this piece of Mallorcan paradise is very well connected. Castell Son Claret is located just outside the village of Calvià in the west of the island, 32 km from Palma International Airport (PMI). The capital Palma can be reached in 30 minutes, and it takes only 20 minutes to get to one of the many beautiful beaches where you can tip your toes in the crystal clear sea. Or, if you feel like exploring breath-taking mountains, the Serra de Tramuntana is a short stroll from the hotel away.

Most of the suites and rooms (23) are situated in the main castle building, while further 18 can be found in the former stables, grouped around an ancient Arabic fountain and private patio. Many rooms have their own private garden or pool. Selected suites and rooms can be interconnected for families and larger parties.

Tennis

Whether you want to improve your skills or simply enjoy your favourite game, at Castell, you'll find tennis facilities to suit your personal needs. Our resident tennis coach can work out a comprehensive programme for you. And with the Serra de Tramuntana providing the backdrop to our tennis courts, you couldn't wish for more motivating training grounds.

Hiking

Step out of the hotel, and the UNESCO protected Serra de Tramuntana range is at your feet. As part of our designated hiking programme, we take you on a guided hiking tour to Puig Galatazó. At 550 metres, it's one of the highest mountains of the island. The path leads through typical Mallorcan holm oak woodland, stony tracks and paths with a few fairly steep rocky sections to ascend. The summit rewards you with spectacular panoramic views across the Tramuntana, the western coastline and towards Palma.

If you prefer a shorter hiking route, ask for a map at reception and follow a path through the magnificent Castell estate in the foothills of the dramatic Tramuntana region.
