CASTELL SON CLARET

WEDDING

WELCOME

Welcome to Castell Son Claret,

We're delighted to take your imagination on a tour of this exceptionally romantic wedding location. Steeped in Mallorcan history, Castell Son Claret was first founded in 1450 and received its current magical form in the 19th century. Lovingly restored and reopened as a luxury hotel in 2013, the castle is set among 326 acres of lush gardens and expansive parkland, nestled in the foothills of the awe-inspiring Tramuntana Mountains. Guests arrive along the 1000-foot palm-lined avenue to enter a different world. With its sun-kissed terraces, romantic courtyards and historic fountains, Castell Son Claret has all the hallmarks of a fairy tale wedding.

Mallorca's central location in the Mediterranean means the island is blessed with a pleasant climate with more than 2.700 hours of sunshine a year. While you can expect average temperatures of 26°C between May and September, temperatures rarely drop beneath 13°C in early spring.

Throughout the season, the unspoilt nature of the estate and its surroundings are waiting to be explored at Castell. Fragrant almond and olive groves, vibrant lemon and orange trees, gardens bursting with the scent of lavender, rosemary and bergamot can all be enjoyed at your leisure. The gardens form an integral part of the unique Castell experience. They inspire the culinary excellence that you'll find in our Mediterranean-influenced Olivera restaurant. Home-grown ingredients also play a leading role in our delicious seasonal cocktails, and in our beauty and spa treatments.

We only hold a small number of weddings a year, making it a truly exclusive occasion. Whether you prefer a smaller, intimate event or a larger reception in your very own castle. Our attentive, cosmopolitan staff will be entirely at your disposal. They add the passion, the skill and the attention to detail that will turn your wedding into a truly unforgettable experience.

THE HOTEL

A stay at the Castell feels like escaping the real world, yet this piece of Mallorcan paradise is very well connected. Castell Son Claret is located just outside the village of Calvià in the west of the island, 32 km from Palma International Airport (PMI). The capital Palma can be reached in 30 minutes, and it takes only 20 minutes to get to one of the many beautiful beaches where you can tip your toes in the crystal clear sea. Or, if you feel like exploring breath-taking mountains, the UNESCO World Heritage listed Serra de Tramuntana is a short stroll from the hotel away.

Most of the suites and rooms 22 are situated in the main castle building, while further 21 can be found in the former stables, grouped around an ancient Arabic fountain and private patio. Many rooms have their own private garden or pool. Selected suites and rooms can be interconnected for families and larger parties.

*"We extend the same cordial welcome to our guests,
as we would to friends invited into our home"*
